(2) Oath signed by inventors Jahangir S. Rastegar and Farshad Khorrami on behalf of themselves as well as the, non-signing inventor, Ronald D. Rothchild;

(3) Fee pursuant to 37 C.F.R. § 1.17(i) for filing a petition under 37 C.F.R. § 1.47(a); and

(4) Notice to File Missing Parts of Nonprovisional Application.

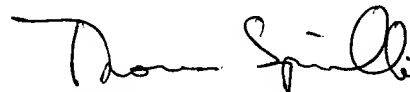

As indicated in the attached Statement of Facts, the last known address for the non-signing Inventor, Ronald D. Rothchild, is:

Ronald D. Rothchild, Sc.D.  
33 Laurie Boulevard  
Bethpage, New York 11714

Dr. Ronald D. Rothchild (hereinafter Dr. Rothchild) has been contacted twice by letter, and twice by telephone, and asked to join in the application and sign the declaration. Dr. Rothchild refuses to join in the application because he feels he is the sole inventor of the subject matter therein. Dr. Rothchild was then given an opportunity to participate in an investigation as to the inventorship of the present application, which he has refused unless paid to do so. The investigation was conducted by the undersigned and based on interviews with the remaining joint inventors, it was concluded that Ronald D. Rothchild, Jahangir S. Rastegar and Farshad Khorrami are properly named as joint inventors of the claimed subject matter of the present application.

Accordingly, it is believed that Petitioner has complied with the requirements of 37 C.F.R. § 1.47(a) and, therefore, respectfully requests that prosecution of the above-identified application be permitted without the signature of the non-signing inventor, Ronald D. Rothchild.

Respectfully submitted,
